

School Nutrition Department Advancing Tech Options

MySchoolBucks – New! Payment Platform

We heard your concerns and we are taking action! Due to consistent issues, a lack of company support, and limited options we are making the transition away from the FeePay platform and back to the online payment system entitled MySchoolBucks. All meal payments made online or on the mobile app with MySchoolBucks will be free of charge for district families. We plan to go live with this platform starting December 10th, 2018. As details are finalized, we will send information to parents in the mail, via email, website postings, and social media postings.

We understand this transition may be frustrating, and for that we apologize. We are confident in the MySchoolBucks platform and plan to maintain this same platform for the long term.

MealViewer – New! Menu Platform

We are excited to launch a new platform which includes an online and smart phone app option!

Our new online and app based MealViewer platform includes:

- Option to create a specific profile for your student(s)
- Nutrition feature to view nutritional content and allergy info of menu items
- Flag your student's favorite menus
- Rate our menus
- *Coming soon!* Direct link to make payments to student's meal accounts
