Barn Quilt Workshop
M & J Barn Quilt
A barn quilt is a large piece of wood that is painted to look like a quilt block and often hung on the exterior of a barn, house, garage or other building. The earliest versions of barn quilts have been around for hundreds of years. Just as fabric quilts have their own unique history, so do barn quilts. While barns were not painted back in the day, they were decorated with different types of folk art including quilt blocks. People chose certain blocks to reflect particular meanings. Join in a fun-filled day of painting your very OWN, unique 2' x 2' or 4' x 4' barn quilt. Plan to tape, paint, dry, laugh and admire your way through the day! All supplies, boards and instruction are provided. You must submit (email mkolstad@charter.net) your own pattern by March 6th. Patterns can be found by searching online for ‘barn quilts’, looking on Pinterest or going through the photos on the instructor’s Facebook page @mjbarnquilts. Pre-registration is a must. Register early as limited spots are available.

ADULT FITNESS

Pickleball Open Gym
What is pickleball? It is a sport for all ages played indoors or outdoors similar to tennis, but on a court the size of a badminton court. Pickleball was created in the backyard of Washington Congressman Joel Pritchard. He wanted an activity for his kids that lazy summer of 1965. Since then it has spread throughout the USA, Canada and many countries around the world. It is one of the fastest growing sports in the country, especially in the Senior Communities. Pickleball is taught in schools and colleges, but mainly friends teach friends. It teaches sportsmanship, eye-hand coordination, and provides plenty of exercise. You don’t have to be tall and powerful. This is a game of strategy, for both men and women, young and old alike. This cost helps to offset the price of equipment, facility use, court lines and equipment.

Just ONCE Guitar for Busy People
Charles Wilson
Just ONCE Classes are ONE TIME seminars designed for busy people.
Each class introduces students to the topic of their interest and then a
workbook and companion DVD or CD is taken home by each student for
continued study and development at home. All the material covered in
each class is also covered again in the workbook and students are also
able to follow along and learn with a practice CD or DVD. Everyone does
not learn at the same pace and everyone’s schedule is not the same
either. With this approach students can learn at their own pace and fit
this into their own time frame, whatever that may be. With our specially
prepared materials it’s just like taking your instructor home with you
(and the nice thing is, he doesn’t eat anything).

ing, piano professionals use chords. And you can learn all the chords
you’ll need to play any song in this one session. Any song. Any style.
Any key. If you can find middle C and know the meaning of Every Good
Boy Does Fine, you already know enough to enroll in this workshop.

EARLY DEVELOPMENT IS FUNDAMENTAL TO THE GROWTH OF YOUR CHILD

Classes are taught by a nurturing licensed teacher implementing a structured preschool curriculum. Children will learn through play while experiencing developmentally appropriate activities that will enhance their love of learning while developing a positive self esteem.

CLASSES RUN BETWEEN LABOR DAY AND MEMORIAL DAY AND FOLLOW THE NEW RICHMOND SCHOOL DISTRICT CALENDAR.

3 YEAR OLDS
There are two choices for this program.
MONDAY/WEDNESDAY 9:00 - 11:30 am
TUESDAY/THURSDAY 9:00 - 11:30 am
Children will experience a fun introduction to a school setting and will develop many skills.

PRE-K (4 Year Olds)
MONDAY THRU THURSDAY
12:15 - 2:45 pm
This is an alternative program of NR-4K. Can also be used to extend or supplement a morning 4K day.

We believe children learn best through meaningful play. Our play-based, child centered program reflects the integration of physical (fine motor & gross motor), emotional, cognitive, academic (colors, numbers, alphabet, shapes, language & literacy), social, self-help & self-regulation, independence and aesthetic areas for the total development of the child. The afternoon pre-K class engages in all these areas with a greater emphasis on pre-K skills. Meaningful play encourages curiosity, discovery, and problem solving which allows individual growth and development of a positive self-image.
YOUTH PRESCHOOL

Program offers a 125 year Catholic School tradition to the community. This tradition includes:
• Faith based education
• High academic standards
• Strong Catholic values
• Dedicated faculty and staff
• Fully accredited school

We offer a unique school learning environment through cooperation with other grades, small class sizes, many school events and programs. Our strong family environment welcomes and encourages family and community involvement. Pre-K runs Monday - Thursday and is part of the community wide 4 Y Charter associated with the School District of New Richmond. Bussing offered morning and afternoon, wrap around care for both morning and afternoon, family style meals, and afterschool care until 6pm for grades Pre-School through grade 8.

The facility includes a Gymnasium, Locker Rooms, Tech Lab, Multi-Purpose Classroom/Kitchenette, and Conference Room. The community is invited to celebrate weekly children’s liturgies, periodic family breakfasts, and a continuous recycling program.
