December 18, 2020

Dear SDNR Students, Staff, and Parent(s),

The following positive cases of COVID-19 has been reported to the SDNR during the week of December 14, 2020. The following case summaries include:

- Kindergarten (Paperjack) – 1 positive case
- 2nd Grade (Hillside) - 1 positive case
- 4th Grade (Starr) – 1 positive case
- 8th Grade – 1 positive case
- 9th Grade – 1 positive case
- 10th Grade – 1 positive case
- 12th Grade – 1 positive case
- Staff – 4 positive cases

The District continues to clean and disinfect the buildings to control the spread of illness. The SDNR COVID-19 school-based exclusion flow chart is being followed. The students and staff members who interacted closely with these individuals have been contacted by SDNR staff if deemed a close contact. A close contact is defined as interaction of less than six feet for a cumulative time of more than 15 minutes in a 24-hour period.

The individuals who tested positive will be excluded from school and activities until they have been determined to be no longer infectious by the SDNR and local health department. Close contacts, determined by local health departments and District staff, will be excluded from school and activities for the timeline given by the SDNR and may be monitored for symptoms by the local health department.

Coronavirus (COVID-19) is a virus that is spread even before individuals show symptoms. It spreads from person to person through droplets created when we cough, sneeze, talk, sing or laugh. Thus, it is ever important for all students, family members, and staff members to closely monitor for symptoms that are outside of their “normal,” and to stay home if they are ill. If symptoms occur, please contact your medical provider to request testing.

Please remember to slow the spread of COVID-19:

- Stay home when ill.
- Wear a face covering when in public if physically able.
- Wash hands frequently with soap and water. Use hand sanitizer if soap and water are unavailable.
- Clean frequently touched surfaces, such as doorknobs, tables, etc.
- Limit unnecessary travel, events, or large gatherings.

We all need to continue to do our part to slow the spread of COVID-19 and to keep our students and staff members safe. Please feel free to contact us if you have any additional questions.

Respectfully,

SDNR Tracing and Administration Teams
SDNR Tiger Launch COVID-19 Weekly Update and Current Learning Model

Elementary Learning Model (Sliding Scale)
- **Face to Face – 5 Days a week**
- Cohort Model
- Hybrid Schedule
- Remote Learning Model

NRMS and NRHS Learning Model (Sliding Scale)
- Face to Face – 5 Days a week
- Hybrid Schedule
- Remote Learning Model (11/17/20 to 1/19/21)

*If we move to a more restrictive learning model it may be for at least 3 weeks (15 days) to include quarantine timelines

The St. Croix County Health Department does not allow us to release specific details as it relates to an identified positive COVID-19 case connected to our school system. This is to protect the privacy rights of the individual who has received a positive test result. We cannot share the positive person’s name, his or her role in our District or any other medical information. The situation surrounding the COVID-19 pandemic continues to change quickly. All policies, procedures, and information are subject to change based on the advice of our local health department. All changes are and will be effective immediately. It is important to keep in contact with your child’s building and read all communications.

SDNR COVID-19 SCHOOL BASED EXCLUSION

Is student experiencing any of the following symptoms:
- Cough, shortness of breath, difficulty breathing, new loss of taste, new loss of smell
- Or at least 2 of the following symptoms:
  - Fever, chills, muscle aches, headache, sore throat, fatigue, congestion or runny nose, nausea or vomiting, diarrhea

*These symptoms should be outside of the student’s baseline

SEND STUDENT AND ALL HOUSEHOLD MEMBERS HOME AND REQUEST COVID-19 TESTING FOR SYMPTOMATIC STUDENT

IS SYMPTOMATIC STUDENT A CLOSE CONTACT TO A CONFIRMED CASE?

NO

WAS COVID TESTING DONE?

If awaiting results, gather close contact list:
- Individuals within 6 ft for longer than 15 minutes,
- Cumulative within 24 hours. Include 2 days prior to symptom onset

YES

FOLLOW GUIDANCE FROM HEALTHCARE PROVIDER AND EXCLUDE USING WISCONSIN CHILDHOOD COMMUNICABLE DISEASE GUIDELINES. HOUSEHOLD MEMBERS: ALL WELL INDIVIDUALS MAY RETURN TO SCHOOL AND WORK UNLESS OTHERWISE INDICATED BASED ON DISEASE GUIDELINES

PROBABLE CASE:
- Quarantined for 10 days after last contact with COVID positive person
- And must be 10 days since symptom onset and 24 hours fever free without the use of fever-reducing medications and other symptoms improving
- Household members: Excluded for 10 days since last exposure to ill individual if no symptoms

SUSPECT CASE
- Exclude for 10 days since symptom onset and 24 hours fever free and other symptoms improving
- Household members: Excluded for 10 days since last exposure to ill individual if no symptoms

POSITIVE CONFIRMED CASE
- Public health will follow up
- Exclude for 10 days since symptom onset and 24 hours fever free and other symptoms improving
- Household members: Excluded for 10 days since last exposure to ill individual if no symptoms

NEGATIVE CASE
- Exclude student until 24 symptom free without medication use
- Household members: All well individuals may return to school and work
